Fish and Wildlife Advisory Board
County of Sonoma

Subject: REVISED LAGUNA DE SANTA ROSA BOUNDARIES

The Sonoma County Fish and Wildlife Advisory Board recommends to the Board of Supervisors that they adopt the revised Open Space Laguna de Santa Rosa Map as modified by the Fish and Wildlife Advisory Board. The new map extends the present Laguna boundaries to include greater habitat protection under the new general plan.

The Advisory Board feels the present boundaries are insufficient for long range Laguna protection and planning. This new map will allow for greater flexibility in determining land use issues and their impact on the fragile Laguna eco system.
