OBJECTIVES

*Review*

Coordinate and recommend on acquisitions in the Laguna de Santa Rosa area from Proposition 70 monies.

*(Bosco Group)*

Coordinate with (National Wildlife Refuge Technical Advising Group) to assist in drafting of any legislation pertaining to the Laguna de Santa Rosa (Bosco proposal)

(Review with the Planning Department existing rules, regulations and laws affecting the Laguna to identify any additional regulations or incentives needed for preservation and renovation.

Review the FEMA maps and make any applicable recommendations to the (B/S) on additional proposed regulations.

Work with the City of Santa Rosa and the City of Sebastopol to promote Laguna protection and restoration involving land use and the potential use of wastewater to create wildlife habitats or marshy areas.

Coordinate public information regarding the Laguna de Santa Rosa preservation and enhancement movement and report back to the Board of Supervisors in a timely fashion.

To Board Agenda = Aug. 30<sup>th</sup>
