From idea to plan to reality

Editor: It has been just about one year to the day since I was pleased to announce my intention to donate \$200,000 towards the implementation of the Laguna Park.

In my letter announcing that gift, I mentioned that it was my hope to be walking on the trails of the Laguna Park in the near future. I am very pleased that in less than one year, the Laguna Park has grown from an idea, to a plan, and finally to reality. I have already taken several walks on this beautiful new trail, which you have graciously dedicated in my wife's memory, and in every way it exceeds my expectations.

I would like to give my personal thanks to the many individuals and businesses who donated money and materials, and all the volunteers and city staff who worked so hard to make this park possible.

I am looking forward to being part of the ongoing development of the Laguna Park, and the restoration and preservation of the Laguna de Santa Rosa.
